

Jackson County, Georgia Executive Summary Approved Budget for Fiscal Year 2015

October 20, 2014

General Information

- The FY 2014 tax rate is 11.28 mills for incorporated areas; 9.76 mills for unincorporated areas. This represents a 0.90 net mill increase in the unincorporated and a 1.16 mill increase in the incorporated areas from the FY 2013 tax rate.
 - a. The total increase in the gross tax rate is one mill in each area; increased from 13.06 in 2013 to 14.06 in 2014.
 - b. The difference associated with the millage rate in the two areas of the county is due to:
 - i. Uneven growth between the two measured areas, and:
 - ii. Application of the insurance premium tax rollback rate to the unincorporated area.
- FY 2015 total annual budget is \$65,340,010, an increase of \$1,831,662 or 2.88% from FY 2014.
- FY 2015 adopted General Fund budget of \$37,267,020, an increase of \$1,828,763 or 5.16% from FY 2014 primarily due to restructuring of debt payments to the General Fund rather the Debt Service Fund as in the prior year.
- Several major factors went into balancing the FY 2015 budget. They are as follows:
 - a. Employees will not be furloughed in FY 2015 costing an estimated \$534,516 in additional salaries and benefits. Furlough days as a budgetary cost-reduction measure were implemented in October, 2009 and ending in August, 2014 after 50 total furlough days.
 - b. The county portion of health insurance premiums remained unchanged. Beginning in 2014, the County moved to a self-insured platform as a way to lower county costs and build a reserve fund dedicated for health insurance. It is expected that FY 2015 will begin with a \$300,000 reserve and costs are anticipated to be \$3,000,000.
 - c. The budget was balanced with the use of \$766,865 from prior years' reserves. This represents a \$500,473 or 39.5% decrease in use of prior years' reserves from FY 2014. The FY 2014 adopted budget was balanced with the use of \$1,267,338 from prior years' reserves. This marks the fifth year that use of prior years' reserves has been budgeted although no reserves were actually used in 2011 or 2012. FY 2013 only used reserves due to a write-off of debt owed from the Airport Authority; otherwise a net surplus was measured.
 - d. Retirement funding was again left at a base contribution only for the defined contribution plan. There is no budgetary savings for FY 2015 as this is a carryover funding measure from FY 2014 for the defined contribution plan. For the defined benefit plan in 2015, the contribution was reinstated costing \$561,792. This marks the fifth -year of base-match only retirement funding and the sixth overall year of employee retirement austerity.

- e. In September, 2014 the County refunded and refinanced a portion of its Series 2007A revenue bonds in the amount of \$9,990,000 and took the majority of the savings up front for FY 2015. The total savings amounted to \$767,495 of which, \$675,190 is saved for FY 2015.
- Transfers out from the General Fund are \$7,721,834, a decrease of \$3,432,849 or 31%. This is due to the restructuring of several funds such as debt service and capital projects, and health insurance funds so as to not distort operating costs. Transfers Out now primarily encompasses subsidies to Special revenue Funds and Component Units (such as the Airport Authority and Water & Sewerage Authority). The largest single increase in transfers out is due to a \$3,000,000 transfer out to the new Health Insurance Fund as budgeting for health insurance has moved out of each department's budget and into the new fund.
- In FY 2015, appropriations for Capital Outlay have been allocated back to the respective departments, primarily found in the General Fund and are included in the Debt Service line items as part of capital lease payments. This includes \$181,126 for the lease purchase payments of the following vehicles and equipment in 2015. Below are the total amounts of the equipment to be financed:

EMS – 1 Ambulance \$245,000
 Sheriff – 10 patrol vehicles \$39,100 each, fully equipped.
 Fleet – 2 pickup trucks: \$27,000 each
 EMA – Dive Boat \$20,000

Personnel

- Salaries in the General Fund have increased \$610,964 or 4.97% primarily due to:
 - a. Funding for the following positions that have been requested in the recommended FY 2015 budget:
 - Sheriff** – added four additional deputies
 - Juvenile Court** – added a program coordinator (partially paid by other district counties)
 - Historic Courthouse** – added one part-time worker
 - Probate Court** – moved one part-time position to full time
 - Transit** – moved one part-time driver to full time

Additional positions, not included in the General Fund:

 - Drug Court** – added one full-time drug court coordinator (grant funded)
 - EMS** – addition of 4 positions for staffing of new Med 7 unit
 - E-911** – addition of 2 new dispatcher positions
 - Protective Inspections** – moved one part-time clerk to full-time
 - b. Elimination of furlough days for FY 2015 as opposed to 9 originally budgeted for FY 2014.
- Benefits in the General Fund have decreased \$2,317,474 or 51.2% primarily due to health insurance being budgeted in the new Health Insurance Fund (shown as a transfer out from the General Fund), and reinstatement of the defined benefit contribution payment for the year.

Other Information

- The total Fund Balance, based on budget, at the end of FY 2014 is expected to equal approximately \$6,121,434 or 16.83% of the General Fund Revenues, exclusive of Other Financing Sources. While the aforementioned amounts are based on budget, the county may expect to end fiscal year 2014 with the full use of budgeted reserves totaling \$1,267,338. The FY 2015 budget was balanced with the use of prior years' reserves in the amount of \$766,865.
- The FY 2015 Capital Projects Fund was eliminated for budgeting use in FY 2015 as the debt service offset from the 2009 economic development bonds will not be used to offset debt service payments in 2015 as has been used in previous years. FY 2014 used \$1,500,000 from this fund.
- Jackson County's anticipated decline in the 2014 Total Net Digest of \$12,670,136 has caused a decrease of approximately \$77,399 or 0.42% in real & personal property taxes from the prior year. However, these figures do not include a property tax increase in both the unincorporated and incorporated areas.
- For FY 2015, the transfer out to the Airport Authority includes not only the operational subsidy but also the principal payment for debt service so that additional debt payments are not accumulated as "due to the primary government" from the airport authority. In total the transfer out to the Airport Authority is \$215,000.
- Total Debt service ultimately paid for from the General Fund (either in general fund departments or through transfers out to other funds) totals \$8,959,770 for FY 2015. This accounts for 24% of the total General Fund expenditures. As a millage rate component, the unincorporated share of debt equals approximately 2.341 mills of tax and the incorporated share equals approximately 2.705 mills of tax. In total, there are 4.577 total mills of tax allocated for debt based on a total net digest bringing in \$1,957,628 per mill.

EXPECTED FUND BALANCE/NET ASSETS						
END OF YEAR - ASSIGNED, UNASSIGNED	\$ 4,061,721					

¹The difference between operating transfers-in and operating transfers-out are the transfers to component units.
Health Department: \$275,000, Airport, \$215,000, Water Authority, \$1,612,152 - TOTAL \$2,102,152

Capital Projects: All equipment is budgeted within respective departments and associated debt paid from those departments from capital leases.

Debt Service Fund: All debt payments have been placed back into the respective departments so as to not overstate the budget through multiple transfers in/out

SPLOST Project Fund(s) shows large increase due to showing the budgeted activity of Prior Years' fund balance being appropriated for debt service in 2015 from both SPLOST 4 residuals and SPLOST 5 funds that have accumulated in the sinking fund for the Jail Debt Service payment.
